Oklahoma City, OK – June 7, 2010 – Midlands Management Corporation (www.midlandsmgt.com) announced that it has introduced a **Public Entity Multi-Line Package** designed for select public entity risks that want to gain more control over their casualty exposures by accepting a self-insured retention (SIR) and implementing a proactive claims management partnership and risk control program.

The Public Entity Multi-Line Package can combine several coverages under one policy, including Comprehensive General Liability (CGL), Automobile Liability, Auto Physical Damage, Property, Workers’ Compensation (Buffer), Crime, Law Enforcement Liability (LEL) and Public Official Liability (POL).
